

Seal Meat (Powder)

For dogs & cats

Canadian
Seal
Products

Good for your pet.
Good for the environment.

This Canadian Superfood meal for dogs and cats is made with fresh seal meat. High in protein, this hypoallergenic ingredient is filled with minerals (iron, zinc), vitamins (B-12) and Omega-3 fatty acids. Seal Meal (or seal powder) also contains seal bones which represent a good source of calcium, phosphorus and other minerals. This quality protein is ideal for dogs and cats with allergies and sensitivities, who often require special diets. It represents an excellent alternative for pet food manufacturers who are looking for a higher-protein, lower-fat, lower-calorie, sustainable and abundant resource option. Because seal meal is only around 5% water, it is far more concentrated than fresh seal (which contains roughly 70% water) and as a result much less is needed.

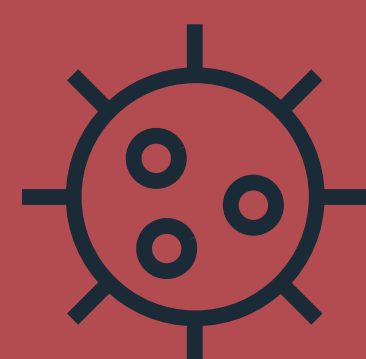

Ingredients: Seal meat, seal bones.

Nutrients*	Seal Treats
Proteins (%)	69
Moisture (%)	5
Carbohydrate (%)	0
Fibre (%)	0.6
Fat (%)	5
Ash (%)	21
Iron (mg/kg)	846
Zinc (mg/kg)	114
Metabolizable energy for dogs (kcal/kg)	3,989
For cats	3,328

* Expressed on a wet basis.

Ideal for:

Dogs with specific protein allergies

Omega-3 for healthy skin & coat

Weight maintenance

Alternative protein for pet food manufacturing
