Good for your pet.
Good for the environment.

This Canadian Superfood meal topper for dogs and cats is made with fresh seal meat. High in protein, this hypoallergenic ingredient is filled with minerals (iron, zinc) and vitamins (B-12). This Seal Meat Powder also contains seal bones which represent a good source of calcium, phosphorus, and other minerals. Much like its liver counterpart, this topper is ideal for pets that demand more flavour in their food, or wants a little gravy added to the mix. Stir these in with a bit of water for gravy or sprinkle it on top to maximize flavour and ensure your pet gets the most out of his meal.

Ingredients: Seal meat, seal bones.
